**This project was born from my creative work and the passion I put into every bead. I simply ask you not to copy or resell the pattern, nor use it for workshops. However, you are free to sell the jewelry made from it... and if you wish, I would truly love to see your creations: it is always a joy to discover how each person interprets my work.**

Required materials :

**First color.**

Beads	Daggers	Polygons 1	Polygons 2	Rivoli 14 mm	Seed beads
Color	Violet	Pastel Lila	Pastel Emerald	Aquamarine Transmission	Duracoat Galvanized Lt. Smoky Pewter
Quantity	12 pcs	10 pcs 15 gr	10 pcs 15 gr	1 pc	1,5 gr of 8/0 1,3 gr of 11/0 0,2 gr of 15/0

**Second color.**

Beads	Daggers	Polygons 1	Polygons 2	Rivoli 14 mm	Seed beads
Color	Blue	Pastel Aqua	Pastel Petrol	Crystal Paradise Blue Lux	Duracoat Galvanized Silver
Quantity	12 pcs	10 pcs 15 gr	10 pcs 15 gr	1 pc	1,5 gr of 8/0 1,3 gr of 11/0 0,2 gr of 15/0

**Fourth color.**

Beads	Daggers	Polygons 1	Polygons 2	Rivoli 14 mm	Seed beads
Color	Green	Pastel Olivine	Pastel Cream	Crystal Bronze	Duracoat Galvanized Gold
Quantity	12 pcs	10 pcs 15 gr	10 pcs 15 gr	1 pc	1,5 gr of 8/0 1,3 gr of 11/0 0,2 gr of 15/0

0.5 mm elastic thread and a large-eye needle. Miyuki Needle No.12, Fireline 0.15 Crystal.

Thread 12 alternating Daggers with 12 RR 8 and close into a circle.

Make a few knots.

Exit from one RR 8, add three RR 11, skip the Dagger and go through the next RR 8.

This is the result obtained at the end of the round.

Go to the back of the work and exit from one Dagger. Add one RR 15, one RR 11, one RR 8, one RR 11 and one RR 15. Skip the RR 8, the Dagger and the RR 8, then go through the next Dagger.

Repeat all around.

Exit from the previously added RR 8, add two RR 11 and go through the next RR 8.

Pass through the beadwork once more to tighten the entire piece securely.

Go now to the front of the work and insert the Rivoli.

Exit from the second RR 11 and add another RR 11.

Do not tighten too much.

This is the result.

Exit from one RR 8, add one RR 11, one RR 8 and three RR 11. Pass again through the RR 8 and the RR 11.

Pass also through the RR 8 of the base on the other side.

Exit from the second RR 11 added in the previous step, add three more RR 11 and pass again through the same RR 11.

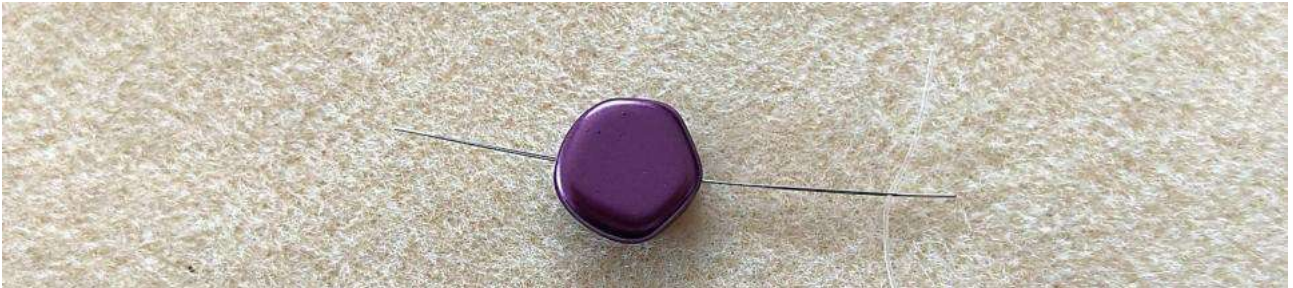

Repeat the same step.

Create another small cord by skipping three Daggers.

Now take the elastic thread and pass it through the large-eye needle. Add one Polygon Bordeaux.

Then add one RR 8 and one Polygon Lila.

Repeat this step until you obtain 10 elements.

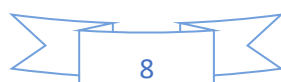

In the last Polygon, add one RR 8, leaving the Seed bead at the end, then pass again through the previously added beads.

Come out on the other side and add one RR 8 to join both ends together.

Then add one crimp bead and the clasp.

Pass both ends through the crimp bead.

Press the crimp bead with pliers.

Exit from the second RR 11, add one RR 11 and go through the RR 8 of the necklace.

Exit from the RR 8 and add one RR 11. Go back through the RR 11 you exited from.

Pass through the beadwork several times to secure everything properly.

Create the other side as well using the rings.

Add the second module as well.

With the remaining thread, pass through the Polygons.

Like this...

All the color combinations of the necklaces I created! Will you show me your creation?
