Making the “Lunaria©” Earrings

1) Glue the Cabochon onto the earring support and let dry

2) Glue 2 Athos and let dry

3) Open the earring support

4) Thread 1 R11, 1 P4

5) Place a total of 16 P4

6) Put the rod back in place and close it with pliers

7) Thread 56 R15

8) Pass through all the beads to form a circle

9) Apply a little glue all around between the earring support and the cabochon

10) Place the bead crown, make a double knot, cut your thread

11) You obtain this result. Let dry

12) Thread 48 R15

13) Pass through all the beads to form a circle

14) Make a knot without tightening too much

15) Place the bead crown between the 2 Athos, make a double knot

16) Place 1 R11, 1 P4, 1 R11

17) Pass through the ring and come out underneath

18) Like this

19) Pass inside the support

20) Pass through the R11, the P4, the R11

21) You obtain this result

22) Pass again through all the beads on the opposite side from where you arrived earlier

23) Make a double knot

24) Here is the result

25) Place the ring into the 2 earring supports

Your earring is ready, now make the second one
